

**PATIENTS WITH PULMONARY FIBROSIS (PF)
OR INTERSTITIAL LUNG DISEASE (ILD):
HELP US MOVE TOWARD A CURE FOR PF**

With your help, the PFF Community Registry is fostering a community of patients, caregivers, and family members all with the same goal — finding answers to help diagnose, treat, and potentially cure PF and ILD.

Be a part of the solution

As a participant in the PFF Community Registry, your story will provide vital information that will impact patients with PF or ILD for today's and future generations. Together, we can fast forward medical research and improve the lives of patients with PF and ILD.

Joining the PFF Community Registry is easy

- Visit the PFF Community Registry's easy-to-use online portal to sign up.
- Surveys can be completed at your own pace, with minimal effort and in the comfort of your own home.
- How much information you share is up to you.
- The PFF Community Registry database is highly secure, using the same technology trusted by doctor's offices, hospitals, and clinical trials worldwide.
- Receive periodic research updates via the PFF Registry newsletter.

SIGN UP TODAY

Visit pffregistry.org to enroll in the PFF Community Registry now!

The PFF Community Registry is open to patients with PF or ILD, lung transplant recipients who have had PF or ILD, and family members and caregivers of patients with PF or ILD.
